1-3 JUNE 2010 PERTH CONVENTION EXHIBITION CENTRE

For more information contact AMEC on 1300 738 184 or email events@amec.org.au or visit www.ameccconvention.com.au

ABOUT THE CONVENTION

The AMEC Convention 2010 (AMECC 2010) will be Australia's Leading Mining, Exploration and Investment convention. It is hosted by the Association of Mining and Exploration Companies, Australia's peak industry body for the mineral exploration industry.

This Convention is an international forum that brings together key company representatives and senior government officials within the mineral exploration, mining and investment community. Our aim is to build this Convention to become Australia's equivalent to

world-class mining conventions such as PDAC in Canada, Mining Indaba in South Africa and China Mining.

International speakers will include experts in finance, commodities and technology. The convention will also incorporate an extensive international trade exhibition. Delegates will have the opportunity to meet and network with fellow professionals, government officials, financiers and investors at the social events which include a Gala Awards Dinner, Cocktail Function and lunches.

HIGHLIGHTS OF THE CONVENTION:

- ✱ Presentation of technical papers and recent discoveries from mining and exploration companies
- ✱ Latest findings, emerging technologies and research
- ✱ Success stories from leaders in the mining sector
- ✱ Company presentations for investors and brokers
- ✱ International trade exhibition showcasing the latest products and services in mining and exploration

AMECC 2010 is Australia's premier mining and exploration event.
